What is KeaCanteen?

- Easier to order food
- See what food is available for tomorrow
- Another way to showcase food

Problems

- International students are not familiar with Danish food
- Students eat at restaurants outside the school

Long term goals

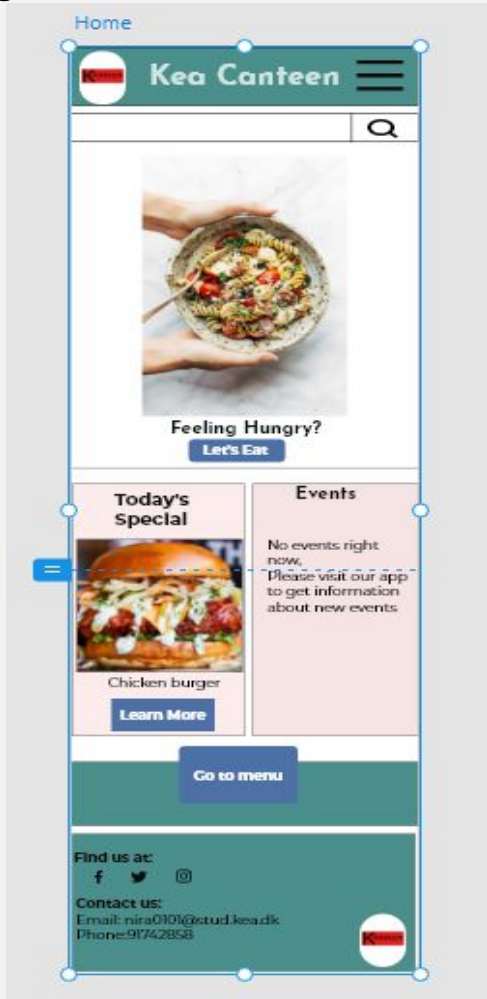

- To have students eat in the canteen instead of going outside.
- Students save time and focus on other things
- Get more familiar with Danish cuisine

How will this app help students?

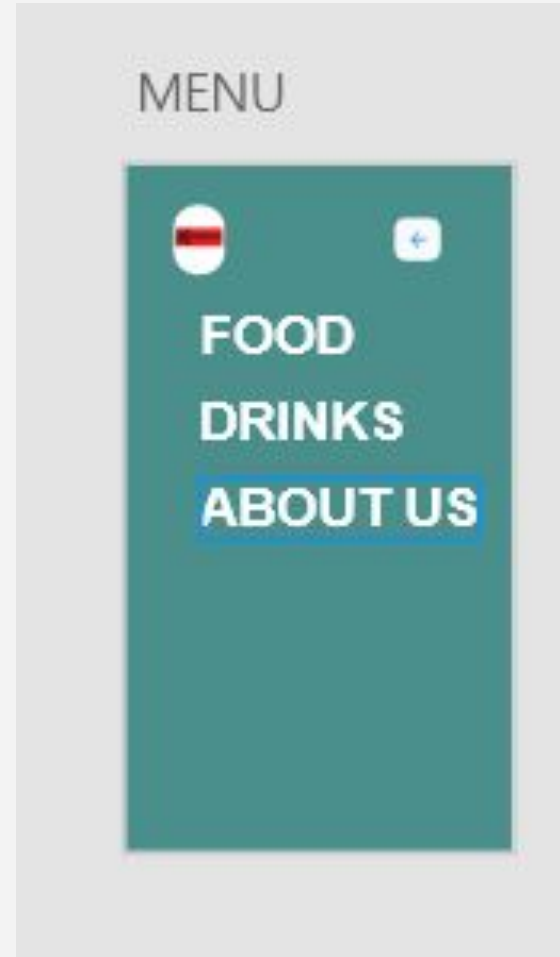

- Look at the menu without being there
- They will save time
- Another way to watch the food menu of the day
