Description

Typography we chose two modern and simple fonts.
One for headers and one for paragraphs.
We chose blue and pink colors for children.
Our logo is simple but has a font which is more playful.
Basically we want a simplistic design with not too many
contrasting colors or fonts. We also have a simple search
bar and a call to action button so it will be easy for
the user to find the products they need.

Style Tyle

TJUBANG
SKO

First steps mean a lot...
